MEMORANDUM FOR CIA MEMBER UNITED STATES INTELLIGENCE BOARD

THROUGH : Deputy Director for Intelligence *ksc*

SUBJECT : Photographic Reconnaissance Coverage of South China,
10 August through 16 August 1965
USIB-D-41.18/32 (COMOR-D-25/117-4), 17 August 1965

1. This is a briefing memorandum on the weekly COMOR report to USIB on the status of photo-reconnaissance of South China. The Executive Secretary, USIB suggests that the report be "noted" unless a member requests that it be placed on the agenda by 19 August 1965.

2. There were no [REDACTED] U-2 or BLUE SPRINGS drone missions flown over South China during this reporting period. The last high-resolution coverage of priority targets in the area was obtained by [REDACTED] which overflew Hainan Island on 20 July 1965.

3. A [REDACTED] U-2 mission (No. C435C), which had been alerted on the basis of a favorable weather forecast to cover Hainan Island on 11 August, was cancelled before take-off. In a canvass of the community on that date, it was determined that reconvergence of Hainan so soon was not required.

4. [REDACTED] U-2 operations continue on alert for missions over South China as weather permits.

5. Recommendation: That you "note" this report.
